

## **PRESS RELEASE for 5/01/06**

ChemRem and FMC reach agreement that will allow ChemRem to represent the FMC manufactured food grade Calcium Peroxide. This product has a wide range of uses and for environmental applications can be used for simultaneously increasing dissolved and gas phase oxygen content, pH, and redox potential over short periods of time. Addition of this product is an attractive complement to the flagship PermeOX® Plus.

ChemRem™ International LLC (ChemRem) is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem's focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the world leader in peroxygen chemistry and products. PermeOx® Plus, hydrogen peroxide, Klozur® brand of persulfate, and the new product Klozur® CR are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection and application and facilitates the ordering process. Operational headquarters are located in Albuquerque, New Mexico, USA. A technical sales representative may be reached at 877-ChemRem or at [sales@chemrem.com](mailto:sales@chemrem.com).
