

NEWS RELEASE

8/15/09

The President of ChemRem International has been accepted for a platform presentation at the 25th Annual International Conference on Soils, Sediments, Water and Energy, University of Massachusetts Amherst, MA, October 19-22, 2009. The paper is titled "Use of Near Field-Scale Groundwater to Soil Ratios To Improve Natural Oxidant Demand Bench Testing" and it is co-authored with M. Burns and M. Lee.

ChemRem™ International LLC (ChemRem) is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem's focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the world leader in peroxygen chemistry and products. PermeOx® Plus, Klozur® CR, hydrogen peroxide, and Klozur® brand of persulfate are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection and application and facilitates the ordering process. Operational headquarters are located in Albuquerque, New Mexico, USA. A technical sales representative may be reached at 877-ChemRem or at sales@chemrem.com.
