

NEWS RELEASE

2/15/10

Jim Studer, President of ChemRem International, will be presenting a paper at the 20th International Conference on Soils, Sediments, Water, and Energy in San Diego, CA on March 15-18th, 2010. This long running conference is hosted by the AEHS Foundation. The paper is titled “Chemical Oxidation and Biostimulation Achieves Significant Plume Reduction: A Klozur® CR and PermeOx® Plus Case Study” and was co-authored by Matt Burns, S. Kretschman, and J. Baker of WSP Environment & Energy.

ChemRem™ International LLC is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem’s focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the US\$4B world leader in peroxygen chemistry and products. PermeOx® Plus, hydrogen peroxide, Klozur® brand of persulfate, and the new product Klozur® CR are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection, testing and application, and facilitates the ordering process. The operational and sales headquarter is located in Albuquerque, New Mexico, USA and the Mid-Atlantic United States sales office is located in Charlotte, North Carolina, USA. A technical sales representative may be reached at 877-ChemRem or at sales@chemrem.com.
