

NEWS RELEASE

2/15/10

Jim Studer, President of ChemRem, will be presenting a poster on May 24-27, 2010 at the Seventh International Conference on Remediation of Chlorinated and Recalcitrant Compounds in Monterey, CA hosted by Battelle. The poster is titled "Case Study: In-situ Remediation and Common Constraints to Comprehensive Data Analysis and Decision-Making". Co-authored is George Low of Vestra Resources, Redding CA.

ChemRem™ International LLC is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem's focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the US\$4B world leader in peroxygen chemistry and products. PermeOx® Plus, hydrogen peroxide, Klozur® brand of persulfate, and the new product Klozur® CR are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection, testing and application, and facilitates the ordering process. The operational and sales headquarter is located in Albuquerque, New Mexico, USA and the Mid-Atlantic United States sales office is located in Charlotte, North Carolina, USA. A technical sales representative may be reached at 877-ChemRem or at sales@chemrem.com.
