

NEWS RELEASE

2/1/10

Travis Bowman, Mid-Atlantic Sales Representative of ChemRem International, will be attending the 2nd Biennial Southeastern In Situ Soil and Groundwater Remediation Conference in Raleigh, NC on February 23-24th, 2010. He will be joined by Jim Studer, President of ChemRem International. The conference includes two full days of technical platform presentations. At least two of those platform presentations will focus on case study success stories involving projects that were supported by ChemRem.

ChemRem™ International LLC is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem's focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the US\$4B world leader in peroxygen chemistry and products. PermeOx® Plus, hydrogen peroxide, Klozur® brand of persulfate, and the new product Klozur® CR are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection, testing and application, and facilitates the ordering process. The operational and sales headquarter is located in Albuquerque, New Mexico, USA and the Mid-Atlantic United States sales office is located in Charlotte, North Carolina, USA. A technical sales representative may be reached at 877-ChemRem or at sales@chemrem.com.
