

PRESS RELEASE for 04/01/06

ChemRem International LLC and FMC Corporation (Philadelphia PA), the global leader in manufacturing of peroxygen based products, recently entered into a Sales/Manufacturer Agreement for the Western USA and Western Canada. The first product carried by ChemRem is PermeOx® Plus, a leading timed oxygen release product used to accelerate soil and groundwater bioremediation. Additional products will be added in the near future.

ChemRem™ International LLC (ChemRem) is an Arizona Corporation founded in 2006 to provide manufacturer representation service to the environmental remediation and restoration marketplace. ChemRem's focus is on products for chemical oxidation and bioremediation of organic contaminants present in soil, rock, groundwater, surface water, and wastewaters. ChemRem represents industry leading products manufactured by FMC Corporation of Philadelphia, PA, the world leader in peroxygen chemistry and products. PermeOx® Plus, hydrogen peroxide, Klozur® brand of persulfate, and the new product Klozur® CR are some of the products that can be obtained from FMC with ChemRem assistance. As the Authorized Representative for North America, ChemRem provides technical assistance in product selection and application and facilitates the ordering process. Operational headquarters are located in Albuquerque, New Mexico, USA. A technical sales representative may be reached at 877-ChemRem or at sales@chemrem.com.
