

PRESS RELEASE

4/3/08

ChemRem President and CEO Jim Studer presented at the 2008 Conference on Soils, Sediments and Water held in San Diego, CA in March 2008. The title of the presentation was "Design Considerations for Application of Klozur(R) CR to Promote Sequential Chemical Oxidation and Oxidative Biodegradation". The co-author is Dr. Phil Block of FMC Corporation. A poster of this presentation can be downloaded from the ChemRem website at www.chemrem.com. ChemRem was also present at the FMC Booth and enjoyed talking to and supporting a number of FMC customers and potential customers.
